

The members of the BBVCA are also friends, neighbors and members of the Big Bear community. As such we pledge our commitment to this code of conduct while working in Big Bear's neighborhoods and interacting in and around the community.

- 1 Use of language that is not offensive, vulgar or distasteful
- 2 Observe all traffic laws and avoid aggressive or rude driving behavior
- 3 Parking of vehicles/equipment on public streets and thoroughfares in a way that is least obstructive to other traffic. On narrow streets this would mean parking on only one side of the street in order to allow two-way traffic where possible.
- 4 Not blocking or parking in private driveways without permission of the property owner.
- 5 Respect the peacefulness of the neighborhoods by avoiding loud or offensive music on jobsites.
- 6 Observe all noise ordinances for the area and days of the week on the jobsite.
- 7 Keep jobsites clean and remove trash and debris to an appropriate container or facility on a daily basis.
- 8 Maintain jobsites in a safe condition avoiding such hazards as unattended open trenches, hastily stacked materials, and trip/fall hazards.
- 9 Use jobsite toilet facilities.
- 10 Keep all pets on a leash or otherwise restricted from wandering from the jobsite.
- 11 Refrain from the consumption of alcohol while working in our neighborhoods.
- 12 Observe proper smoking etiquette by using ashtrays or other appropriate facilities to dispose of cigarette butts.
- 13 Be mindful that we are guests in your neighborhood and that your children are likely watching us.
